

Photography/Video Guidelines:

In addition to being the world's premier research institute focused solely on aging, the Buck is an architectural landmark. We are immensely proud of our I.M. Pei-designed campus and appreciate that media and recreational photographers alike have a keen interest in us.

All photography and filming on our campus requires prior approval from our Communications team.

Please contact Kris Rebillot at

415-209-2080 or **krebillot@buckinstitute.org**

Media is welcome to use photographs of our buildings, campus, and faculty found on our website.

Please credit the **Buck Institute for Research on Aging**.
